

Spilfyter Grab & Go® Acid and Base Neutralizing Bucket Spill Kit

Features:

- Grab & Go® Neutralizer Spill Kits are packed in a 5 gallon plastic bucket for easy portability & disposal of spill clean-up materials.
- Contains a quart bottle of both acid & base neutralizers.
- Bucket is rigid and keeps contents protected.

The test paper that makes up the classifier strips (included in this kit) has a shelf life. FyterTech ensures that all classifier strips ship with at least one year of shelf life (or longer). Each package is labeled with a storage recommendation, lot number and expiration date (shown below).

Please note: While the buckets, drums and overpacks used in our spill kits have some level of UV resistance, if you are using them outdoors we recommend storing them under cover or in an enclosure.

Kit Contents:

- (3) 3"x4' (7.6cm x 1m) Hazmat Socks
- (16) 12"x12" (30cm x 30cm) Hazmat Pads
