

Drain Guard, Heavy Metal Removal Model, 48" x 36", 1-Pack

Features:

- Specialized catch basin insert has "quilted" sections sewn into the body of the unit where stormwater flows through.
- A custom blend of heavy metal removal media is contained in each section (pouch).
- A non-permeable, PVC skirt at the top of the unit funnels all water to the lower portion of the Ultra-Drain Guard where it is forced to move through the media before it can move on into the storm drain.
- This BMP removes hydrocarbons, heavy metals, sediments and other organics from stormwater and industrial runoff.
- Helps comply with NPDES, 40 CFR 122.26 (1999) when used as Best Management Practice in Storm Water Pollution Prevention Plans.

Specifications:

Brand	UltraTech
Product Category	Stormwater Compliance
Product Type	Drain Guard
Color/Colour	Black
Package Count	1
Product Width (in)	36
Product Length (in)	48
Product Height (in/ft)	18
UPC	808416093971

Logistics:

Shipping Weight (lb) 8
